Explanatory notes for filling in the form	<ol style="list-style-type: none">1. Please tick with a ✓ sign inside the box before the copy to be applied for, and fill in lot or building number according to the regulated format. Handwriting should not be illegible. If there are too many lot or building numbers to fill in one application form, please use another application form.2. In the location where the cross-registry service has been launched, please fill out separate application forms as the data (lot No. and building No.) in one land transcription is administered by multiple registry offices.3. Type I copy of electronic registration data and land value should include the applicant's ID card number submitted by himself or his agent, all his individual registration and land value data shall be revealed; but the ID card numbers and date of birth of other co-owners, holders of the other rights and the administrator shall not be revealed. Type II copy of electronic registration data and land value are open to any person for application but the ID card numbers and date of birth of the nominee whose name is registered have to be hidden.4. The application: 「 Querying about the compilation of landowners' properties 」 shall be limited to the owner, holder of other rights or his heirs and administrators.5. Please fill in the year and the serial numbers of the receipt and the documents required, if the applicant applies to view(query) the application case for registration.6. If the application is filed by a sub-agent, both the agent and the sub-agent should simultaneously fill up their names, ID card numbers besides ticking with a ✓ sign inside the boxes in “Assigned commission” column with the following wordings of recognizance: 「 The application of this land registration case is commissioned by the applicants, the agent will be responsible for legal duties should it be untrue 」 and 「 The application of this land registration case is commissioned by the agent, the sub-agent will be responsible for legal duties should it be untrue 」 and sign or affix with seals.
